

FISCAL NOTE

TO: Chief Clerk of the Senate
Chief Clerk of the House

FROM: James A. Davenport, Executive Director

DATE: March 8, 1996

SUBJECT: **SB 2768 - HB 2777**

This bill, if enacted, will authorize the Petroleum Underground Storage Tank Board to promulgate rules requiring persons who install, repair/upgrade and/or remove storage tanks to be certified to perform such work through demonstration of their knowledge and expertise through competitive examinations.

In addition, this bill if enacted, authorizes the Petroleum Underground Storage Tank Board to assess and collect such fees necessary to cover the cost of administering the testing program, issuance of certificates and other related functions.

The fiscal impact from enactment of this bill is estimated to result in an increase in revenue to the Underground Storage Tank Fund and a corresponding increase in expenditures from this fund; however such increase cannot be determined but is estimated to exceed \$100,000 annually.

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is written in a cursive, flowing style.

James A. Davenport, Executive Director
